

Add-Ons for Quarter-Ton Grip Package

All lighting and grip add-ons are available à la carte and must be approved. Projects based on a Quarter-Ton Grip Package are limited to the items listed below. Projects with needs beyond this list must upgrade to a Half-Ton Grip Package.

Requesting a significant amount of add-ons may require the use of a larger passenger vehicle (i.e., mid-size SUV or mini van). Vehicles load-outs with a large assortment of add-ons must be approved.

Full-service lighting and grip packages are intended to be transported in a single vehicle and can not be split up across multiple vehicles. This is necessary to keep logistics simplified to help reduce the likelihood of items being lost or damaged.

| Point-Source & Panel Fixtures | Quantity |
|--|----------|
| Amaran COB 150c LED RGBW+ Point-Source Kit w/ Baby 3-Riser Stand | 1 |
